Optics and Optical Instruments - Spectacle frames - Vocabulary and lists of equivalent terms

This International Standard, ISO 7998:1984, has been adopted as a Philippine National Standard by the Bureau of Product Standards through the recommendation of the Technical Committee on Optics and Optical Instruments (BPS/TC 53).

This standard specifies terms used in different languages to describe spectacle frames and their parts in order to facilitate mutual understanding and to avoid the use of inappropriate or incorrect terms.
