Website:

www.bps.dti.gov.ph

This publication seeks to provide cohesive information in a weekly basis on the foreign notifications of the WTO members under the TBT agreement on their notified technical regulations and conformity assessment procedures.

Philippine exporters and relevant stakeholders are invited to review the proposed regulations. Comments that will be received by the BPS will be transmitted to the governments concerned for their consideration.

IN THIS WEEK'S ISSUE

A total of 47 notifications on Chemicals, Construction Materials and Building, Environment, Health Protection, Safety, Food and Beverages, Textile and Leather Technology etc., from Ecuador, Kenya, Mexico, Uganda, United States of America, and other countries are listed.

We would like to hear from you. For any questions, suggestions or requests for full text of notified regulations, please contact us at bps@dti.gov.ph

We are glad to be of service to you!

List of WTO TBT NOTIFICATIONS (13 - 19 April 2019)

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
AGRICULTURE					
FARMING AND FORESTRY	UNITED STATES	16/04/2019	G/TBT/N/USA/1461/Corr.1	Pesticides - Corrigendum <i>The notification G/TBT/N/USA/1461 was circulated in error and is therefore null and void; it is a duplicate of the notification G/TBT/N/USA/1445.</i>	—
AGRICULTURAL MACHINES, IMPLEMENTS AND EQUIPMENT	UNITED STATES	16/04/2019	G/TBT/N/USA/1472	Walk-behind power lawn mowers <i>The U.S. Consumer Product Safety Commission (CPSC) received a petition from the Outdoor Power Equipment Industry (petitioner, or OPEI), requesting a revision to the warning label requirement for the Safety Standard for Walk-Behind Power Lawn Mowers. The CPSC invites written comments concerning this petition.</i>	10 June 2019

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
CHEMICALS					
ALCOHOLS, ETHERS	INDIA	15/04/2019	G/TBT/N/IND/96	<p>Methanol (Methyl Alcohol)</p> <p><i>Methanol is used as solvent in organic reactions, as fuel, Denaturant, Bio diesel via trans-esterification. High purity methanol is required for the manufacturer of antibiotics. The Indian standard prescribes maximum content of Alkalinity (as NH₃), Acidity as acetic acid, Aldehydes and ketones as acetone, Sulphur and compounds of sulphur etc. So the locally manufactured or imported Methanol shall conform to the Indian standard (IS 517:1986, Reaffirmed 2013) and shall bear the standard mark under license from the Bureau of Indian Standards (BIS) . Bureau of Indian Standards and District Industries Centre of the State Governments shall be the enforcing authority.</i></p>	60 days from the date of upload on WTO website
ORGANIC CHEMICALS	INDIA	15/04/2019	G/TBT/N/IND/97	<p>Aniline</p> <p><i>Aniline is used in dyes industry, rubber processing chemicals, herbicides etc. It is the starting material for many azo dyes. It is also used in the manufacturer of other intermediates as acetanilide, acetoacetanilide, aminoazobenene, methyl aniline, diethyl aniline, dimethyl aniline etc. The BIS standard of Aniline specifies the distillation range, assay (percent by mass, minimum 99%) and maximum content of Nitrobenzene etc. So it is imperative to make the standard mandatory to protect the human health. So the locally manufactured or imported Aniline shall conform to the Indian standard (IS 2833:1973) and shall bear the standard mark under license from the Bureau of Indian Standards (BIS) . Bureau of Indian Standards and District Industries Centre of the State Governments shall be the enforcing authority.</i></p>	60 days from the date of upload on WTO website
EXPLOSIVES, PYROTECHNICS AND FIREWORKS	NEW ZEALAND	16/04/2019	G/TBT/N/NZL/87	<p>Firearms</p> <p><i>A general prohibition on importing, selling, supplying, or possessing any of the following:</i></p> <ul style="list-style-type: none"> • <i>a semi-automatic firearm (other than pistols), with some exceptions;</i> • <i>a pump-action shotgun capable of being used with a detachable magazine;</i> • <i>a pump-action shotgun that has a non-detachable tubular magazine or magazines that can hold more than 5 cartridges or magazines;</i> • <i>magazines for shotguns that can hold more than 5 cartridges;</i> • <i>magazines for any other firearm that are detachable and can hold -</i> <ul style="list-style-type: none"> ◦ <i>0.22 calibre or less rimfire cartridges and more than 10 of those cartridges; or</i> 	26 April 2019

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
				<p>◦ more than 10 cartridges and can be used with a semi-automatic or fully automatic firearm any other magazine that can hold more than 10 cartridges; and a part of a prohibited firearm, including a component, that can be applied to enable, or take significant steps towards enabling, a firearm to be fired with, or near, a semi-automatic action.</p> <p>A small number of firearms licence holders are permitted under the Bill to import, sell, supply, and possess semi-automatic firearms and other items for genuine and justifiable reasons. Police approvals are necessary in order to qualify for exemptions.</p>	
PRODUCTS OF THE CHEMICAL INDUSTRY	SINGAPORE	17/04/2019	G/TBT/N/SGP/50	<p>Chemical products</p> <p>NEA is proposing to control 11 new chemicals as Hazardous Substance (HS) under the Environmental Protection and Management Act (EPMA) and EPM (Hazardous Substances) Regulations. These 11 new chemicals are identified by the Stockholm Convention and Rotterdam Convention for review. The proposed control of the 11 chemicals under the EPMA and EPM (HS) Regulations is planned to be gazetted by June 2019. The licensing of the chemicals will take effect in 2020. Importers, manufacturers and distributors of these chemicals and products containing these chemicals will then be required to apply for a HS licence/permit for the import, export, sale, store and use of the chemicals.</p>	60 days from notification
INORGANIC CHEMICALS	THE SEPARATE CUSTOMS TERRITORY OF TAIWAN, PENGHU, KINMEN AND MATSU	18/04/2019	G/TBT/N/TPKM/291/Rev.1/Add.1	<p>Chemical substances - Addendum</p> <p>The Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu would like to notify that the "Amendments to Regulations of New and Existing Chemical Substances Registration", as per G/TBT/N/TPKM/291/Rev.1 on 4 April 2018, was promulgated on 11 March 2019 and came into effect on the same day.</p>	—
PRODUCTS OF THE CHEMICAL INDUSTRY	UNITED STATES	16/04/2019	G/TBT/N/USA/1401/Add.1	<p>Chemical substances - Addendum</p> <p>EPA is issuing significant new use rules (SNURs) under the Toxic Substances Control Act (TSCA) for 13 chemical substances which are the subject of premanufacture notices (PMNs). This action requires persons to notify EPA least 90 days before commencing manufacture (defined by statute to include import) or processing of any of these 13 chemical substances for an activity that is designated as a significant new use by this rule. The required notification initiates EPA's evaluation of the intended use</p>	—

CONSTRUCTION MATERIALS AND BUILDING					
CERAMIC TILES	ECUADOR	18/04/2019	G/TBT/N/ECU/372	<p>Ceramic tiles</p> <p><i>This Ecuadorian technical regulation establishes the requirements that the ceramic tiles must comply with, prior to the commercialization of products national and imported, with the purpose of preventing practices that may be misleading.</i></p>	60 days from the notification
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/863	<p>Masonry units : determination of water absorption</p> <p><i>This Kenyan Standard specifies a method of determining the water absorption coefficient due to capillary action for aggregate concrete, autoclaved aerated concrete, natural stone and manufactured stone masonry units and the initial rate of water absorption for clay masonry units.</i></p>	31 May 2019
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/864	<p>Masonry units : determination of dimensions</p> <p><i>This Kenya Standard specifies a method of determining the overall dimensions, thickness and combined thickness of shells and webs, depth of voids and plane parallelism of the bed faces of masonry units.</i></p>	31 May 2019
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/865	<p>Clay masonry units</p> <p><i>This Kenyan Standard specifies an accelerated method of determining the moisture expansion of large clay units with horizontal perforations that have one dimension equal to or greater than 400 mm and shell thicknesses less than 12 mm.</i></p>	31 May 2019
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/866	<p>Masonry units - Determination of flatness of faces</p> <p><i>This Kenyan Standard specifies a method for determining the flatness of faces of aggregate concrete, manufactured stone and natural stone masonry units.</i></p>	31 May 2019
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/867	<p>Masonry units - Determination of water absorption</p> <p><i>This Kenyan Standard specifies a method of determining the water absorption of clay and calcium silicate masonry units by immersing them in cold water.</i></p>	31 May 2019
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/868	<p>Masonry units - Determination of initial shear strength</p> <p><i>This Kenyan Standard specifies a method for determining the in plane initial shear strength of horizontal bed joints in masonry using a specimen tested in shear.</i></p>	31 May 2019

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
MASONRY	KENYA	15/04/2019	G/TBT/N/KEN/869	Masonry and masonry products - Methods for determining thermal <i>This Kenyan Standard specifies procedures for the determination of thermal properties of masonry and masonry products.</i>	31 May 2019
DOMESTIC AND COMMERCIAL EQUIPMENT, ENTERTAINMENT, SPORTS					
DOMESTIC REFRIGERATING APPLIANCES	ECUADOR	16/04/2019	G/TBT/N/ECU/365	Domestic refrigeration appliances <i>The notified Technical Regulation establishes the requirements to be met by domestic refrigeration appliances, prior to the marketing of domestic and imported products, with the aim of protecting the environment and preventing misleading practices.</i>	60 days from the date of notification
MISCELLANEOUS DOMESTIC AND COMMERCIAL EQUIPMENT	ECUADOR	16/04/2019	G/TBT/N/ECU/368	Lighters <i>The notified Technical Regulation establishes the requirements to be met by lighters, prior to the marketing of domestic and imported products, with the aim of protecting human safety and preventing misleading practices. The notified Technical Regulation applies to the following flame-producing products:</i> 1. Cigarette and cigar lighters; 2. Pipe lighters; 3. Utility lighters.	60 days from the date of notification
ELECTRICAL ENGINEERING					
FLUORESCENT LAMPS, DISCHARGE LAMPS	ECUADOR	17/04/2019	G/TBT/N/ECU/369	Compact and tubular fluorescent lamps <i>The notified Technical Regulation establishes the requirements to be met by compact and tubular fluorescent lamps, prior to the marketing of domestic and imported products, with the aim of protecting human safety and the environment, and preventing misleading practices.</i>	60 days from the date of notification
LAMPS AND RELATED EQUIPMENT	UKRAINE	18/04/2019	G/TBT/N/UKR/123/Add.2	Directional lamps, light emitting diode lamps (LED) and related equipment - Addendum <i>Ukraine would like to inform that the Draft of the Resolution of the Cabinet of Ministers of Ukraine "On approval of the Technical Regulation on ecodesign requirements for directional lamps, light emitting diode lamps and related equipment" (G/TBT/N/UKR/123) was adopted on 27 March 2019 (Resolution № 264) and will enter into force on 4 October 2019.</i>	—
ENVIRONMENT, HEALTH PROTECTION, SAFETY					
FIRE PROTECTION	KENYA	16/04/2019	G/TBT/N/KEN/870	Fire classification of construction products and building elements <i>This Kenyan Standard provides the reaction to fire classification procedure for all construction products, including products incorporated within building elements.</i>	31 May 2019

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
RADIATION PROTECTION	KENYA	16/04/2019	G/TBT/N/KEN/871	<p>Medical research - Ionizing radiation to human subjects</p> <p><i>This standard specifies the requirements to be met when administering ionizing radiation to human subjects for purposes of medical research. This standard applies to the clinical trials stage of research only.</i></p>	02 June 2019
RADIATION PROTECTION	KENYA	16/04/2019	G/TBT/N/KEN/872	<p>Corpses containing radioactive materials</p> <p><i>The Code is intended as a guide to the safe handling of the bodies of persons who have died while undergoing treatment with radioactive substances, whether sealed or unsealed, and which still retain, in or on the body, significant amounts of radioactivity. Such corpses may act as sources of ionizing radiations to which pathologists and others attending them may unknowingly be exposed. As ionizing radiations may cause adverse biological effects in those exposed to them it is desirable to keep such exposure to a minimum.</i></p>	02 June 2019
RADIATION PROTECTION	KENYA	16/04/2019	G/TBT/N/KEN/873	<p>Discharge of patients undergoing treatment with radioactive substances</p> <p><i>This standard relates to the treatment of patients with sealed or unsealed forms of a radioactive substance. It takes into account the dose rate external to the patient, the potential for loss of a sealed source from the patient, and the potential for the spread of contamination of an unsealed radioactive substance that is excreted by the patient.</i></p>	02 June 2019
PROTECTION AGAINST DANGEROUS GOODS	MEXICO	15/04/2019	G/TBT/N/MEX/383/Add.1	<p>Transport units, packages, overpacks, containers and tanks used for the transport and stor[...]radioactive material - Addendum</p> <p><i>Please be advised that Mexican Official Standard NOM-009-NUCL-2017: "Determination and application of the transport index for radioactive materials and of the criticality-safety index for the transport of fissile materials" has been published in the Mexican Official Journal.</i></p>	—
FOOD AND BEVERAGES					
CEREALS, PULSES AND DERIVED PRODUCTS	ARGENTINA	16/04/2019	G/TBT/N/ARG/290/Add.5	<p>Food products - Addendum</p> <p><i>Please be advised that the draft Joint Resolution amending the Argentine Food Code - Chapter XVI, Sauces and dressings - Article 1279, Sauces and dressings - Sodium reduction, prepared by the National Food Commission, will be available for public consultation until 8</i></p>	—

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
MEAT AND MEAT PRODUCTS	ARGENTINA	16/04/2019	G/TBT/N/ARG/360	<p>Fresh and packaged meat for consumption</p> <p><i>The notified draft Joint Resolution, prepared by the National Food Commission (CONAL), incorporates Article 255 ter establishing the wording to be displayed on the labelling of refrigerated meat that is to be defrosted prior to sale.</i></p>	08 June 2019
FOOD PRODUCTS IN GENERAL	ECUADOR	16/04/2019	G/TBT/N/ECU/367	<p>Snack foods</p> <p><i>The notified Technical Regulation establishes the requirements to be met by snack foods, prior to the marketing of domestic and imported products, with the aim of protecting human health and preventing misleading practices.</i></p> <p><i>The notified Technical Regulation applies to the following products:</i></p> <ol style="list-style-type: none"> 1. Fried or roasted grains, cereals and seeds that are marketed whole and in packaged form, such as toasted corn, ground nuts, broad beans, chickpeas and seeds; 2. Pig skin and pig skin by-products; 3. Fried or roasted products of plant origin marketed in packaged form, such as flakes, extruded products and swelled grains and cereals. 	60 days from the date of notification
MEAT AND MEAT PRODUCTS	ECUADOR	17/04/2019	G/TBT/N/ECU/370	<p>Meat products</p> <p><i>The notified Technical Regulation establishes the requirements to be met by meat products, prior to the marketing of domestic and imported products, with the aim of protecting human health and preventing misleading practices.</i></p> <p><i>The notified Technical Regulation applies to the following products:</i></p> <ol style="list-style-type: none"> 1. Raw meat products, cured/matured meat products, and cooked/pre-cooked meat products and preformed meat products; 2. Preserved meat. <p><i>The notified Technical Regulation does not apply to:</i></p> <ol style="list-style-type: none"> 1. Fish products, raw shellfish and crustaceans, and substitutes of meat products. 	60 days from the date of notification
PREPACKAGED AND PREPARED FOODS	ECUADOR	17/04/2019	G/TBT/N/ECU/371	<p>Broths, consommés, soups and creams</p> <p><i>The notified Technical Regulation establishes the requirements to be met by mixtures for the preparation of broths, consommés, soups and creams, and broths, consommés, soups and creams ready for consumption, prior to the marketing of domestic and imported products, with the aim of protecting human health and preventing misleading practices.</i></p>	60 days from the date of notification
FOOD PRODUCTS IN GENERAL	REPUBLIC OF KOREA	18/04/2019	G/TBT/N/KOR/824	<p>Health functional foods</p> <p><i>The proposed amendment of the 'Standard for</i></p>	60 days from notification

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
				<i>to establish the provision of labelling original equipment manufacturing(OEM) mark for health functional foods .</i>	
FOOD PRODUCTS IN GENERAL	KINGDOM OF SAUDI ARABIA	16/04/2019	G/TBT/N/SAU/1108	<p>Added sugar upper limit in some food products</p> <p><i>This draft technical regulation applies to all food products that contain any added sugar, except the following:</i></p> <ol style="list-style-type: none"> 1. <i>Drinking soda with any natural and artificial sweeteners such as (Diet, lite, Zero. etc)</i> 2. <i>Food for special dietary uses.</i> 	60 days from notification
BEVERAGES	UNITED STATES	16/04/2019	G/TBT/N/USA/1471	<p>Bottled water</p> <p><i>The Food and Drug Administration (FDA or we) is proposing to revise the quality standard for bottled water to specify that bottled water to which fluoride is added by the manufacturer may not contain fluoride in excess of 0.7 milligrams per liter (mg/L) . This action, if finalized, will revise the current allowable levels for fluoride in domestically packaged and imported bottled water to which fluoride is added. We are taking this action to make the quality standard regulation for fluoride added to bottled water consistent with the recommendation by the U.S. Public Health Service (PHS) for community water systems that add fluoride for the prevention of dental caries. This action, if finalized, will not affect the allowable levels for fluoride in bottled water to which fluoride is not added by the manufacturer (such bottled water may contain fluoride from its source water) .</i></p>	03 June 2019
GLASS AND CERAMICS INDUSTRIES					
GLASS	UNITED STATES	16/04/2019	G/TBT/N/USA/715/Add.1	<p>Glazing materials - Addendum</p> <p><i>NHTSA withdraws its 21 June 2012 Notice of Proposed Rulemaking (NPRM), which proposed revising Federal motor vehicle safety standard (FMVSS) No. 205, "Glazing materials," to harmonize it with Global Technical Regulation (GTR) No. 6, "Safety Glazing Materials for Motor Vehicles and Motor Vehicle Equipment." Based on the results of the agency's review of available information and analysis of the technically substantive comments on the proposal, NHTSA is unable to conclude at this time that harmonizing FMVSS No. 205 with GTR No. 6 would increase safety.</i></p>	—
HEALTH CARE TECHNOLOGY					
BIRTH CONTROL, MECHANICAL CONTRACEPTIVES	ECUADOR	16/04/2019	G/TBT/N/ECU/366	<p>Condoms</p> <p><i>The notified Technical Regulation establishes the requirements to be met by natural rubber latex male condoms, prior to the marketing of domestic and imported products, with the aim of protecting human safety and health, and preventing misleading practices.</i></p>	60 days from the date of notification

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
STERILIZATION AND DISINFECTION	UNITED STATES	16/04/2019	G/TBT/N/USA/1167/Add.1	<p>Topical antimicrobial drug products - Addendum</p> <p><i>The Food and Drug Administration (FDA, the Agency, or we) is issuing this final action establishing that certain active ingredients used in nonprescription (also known as over-the-counter (OTC)) consumer antiseptic products intended for use without water (referred to throughout as consumer antiseptic rubs or consumer rubs) are not eligible for evaluation under the OTC Drug Review for use in consumer antiseptic rubs. Drug products containing these ineligible active ingredients will require approval under a new drug application (NDA) or abbreviated new drug application (ANDA) prior to marketing. FDA is issuing this final action after considering the recommendations of the Nonprescription Drugs Advisory Committee (NDAC), public comments on the Agency's notices of proposed rulemaking, and all data and information on OTC consumer antiseptic rub products that have come to the Agency's attention. This final action finalizes the 1994 tentative final monograph (TFM) for OTC consumer antiseptic rub drug products that published in the Federal Register of 17 June 1994 (the 1994 TFM), as amended by the proposed rule published in the Federal Register (FR) of 30 June 2016 (2016 Consumer Antiseptic Rub proposed rule) .</i></p>	—
METALLURGY					
STEEL PROFILES	ECUADOR	16/04/2019	G/TBT/N/ECU/364	<p>Steel corrugated angles, shapes and sections and posts for guardrails</p> <p><i>The notified Technical Regulation establishes the requirements to be met by steel corrugated angles, shapes and sections and posts for guardrails, prior to the marketing of domestic and imported products, with the aim of protecting human safety and preventing misleading practices.</i></p> <p><i>The notified technical regulation applies to the following products:</i></p> <ol style="list-style-type: none"> 1. Corrugated angles, shapes and sections (railings); 2. Guardrail terminals; 3. Transitions; 4. Steel posts; 5. Spacers. 	60 days from the date of notification
STEELS	INDIA	15/04/2019	G/TBT/N/IND/95	<p>Steel and steel products</p> <p><i>This Order seeks to ensure conformity to steel & steel products listed in schedule to the specified Indian Standards. The Order makes it mandatory for all manufacturers in India and</i></p>	60 days from notification

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
				<i>export to India, of steel and steel products as given in the schedule to the order, to obtain valid license from the Bureau of Indian Standards, for use of Standard Mark, before commencement of regular production of such items. Further, no person shall manufacture, store for sale, sell, distribute or import any steel & steel products given in the said schedule, which do not conform to the specified standards and do not bear standard mark of the Bureau.</i>	
PACKAGING AND DISTRIBUTION OF GOODS					
FREIGHT DISTRIBUTION OF GOODS	MEXICO	15/04/2019	G/TBT/N/MEX/370/Add.1	<p>Packaging and packages used for transport of radioactive material - Addendum</p> <p><i>Please be informed that Mexican Official Standard NOM-014-NUCL-2017: "Categories of packages, overpacks and freight containers for radioactive material: marking and labelling" has been published.</i></p> <p><i>The notified Mexican Official Standard will enter force 60 calendar days from 8 April 2019.</i></p>	—
RAILWAY ENGINEERING					
RAILS AND RAILWAY COMPONENTS	REPUBLIC OF KOREA	16/04/2019	G/TBT/N/KOR/823	<p>Railroad constituents</p> <p><i>[Background on the technical regulations for railroad constituents]</i></p> <ul style="list-style-type: none"> <i>o Regarding railroad constituents notified by the Ministry of Land, Infrastructure and Transport (MOLIT), the manufacturer (or his representative) shall get type approval from MOLIT for the newly-designed railroad constituents or remarkably modified constituents. Also, manufacturer shall obtain manufacturer approval from MOLIT to enter into mass production for the type approved constituents (Railroad Safety ACT, Article 27 and 27-2) .</i> <i>o Type approval is granted to the design for notified constituents that meets technical and safety requirements of the technical regulations.</i> <i>o Manufacturer approval is production approval for the type approved constituents that the manufacturer can meet quality management requirements of the technical regulations.</i> <i>o MOLIT has enacted the technical regulations for the examination of type approval and manufacturer approval of 10 notified constituents in 2016, which were wheel, axle, coupler, rail, glued insulated rail, pre-stressed concrete sleeper, electronic interlocking system, AF (audio frequency) track circuit, automatic block system, and contact wire.</i> 	60 days from notification

Product Sector	Country	Date Notified	TBT Notification Symbol	Product Coverage / Title	Final Date for Comments
				<p>o MOLIT has enacted the technical regulations for the examination of type approval and manufacturer approval of 6 notified constituents in 2017, which were wheel slide protection device, brake pad, brake cylinder unit, brake disk, tensioning device, and composite insulator.</p> <p>[Amendment of the technical regulations for railroad constituents]</p> <p>o MOLIT plans to amend the technical regulations of wheels, axles, and coupler used for special purpose rolling stocks to be suspended until December 31, 2020 - special purpose rolling stocks built for special purposes such as maintenance of railway facilities or accident restoration of rolling stocks</p> <p>o MOLIT also add a new constituent for type approval: roll spring type tensioning device.</p> <p>o MOLIT plans to amend the technical regulations of tensioning device for roll spring type device.</p>	
RAILS AND RAILWAY COMPONENTS	MEXICO	17/04/2019	G/TBT/N/MEX/452	<p>Concrete sleepers</p> <p><i>This Draft Official Mexican Standard is applicable within the territory of the United Mexican States and the subjects bound to its compliance are the natural or legal persons who manufacture, install operate or they market this type of sleepers.</i></p> <p><i>The specifications for prestressed concrete sleepers are not applicable to post-tensioned concrete sleepers and vice versa.</i></p>	10 June 2019
TELECOMMUNICATIONS, AUDIO AND VIDEO ENGINEERING					
RADIOCOMMUNICATIONS	CANADA	18/04/2019	G/TBT/N/CAN/584	<p>Radiocommunications</p> <p><i>Notice is hereby given by the Ministry of Innovation, Science and Economic Development Canada that the following have been published on its Web site:</i></p> <ul style="list-style-type: none"> • <i>RSS-GEN, Issue 5, Amendment 1, General Requirements for Compliance of Radio Apparatus sets out general and certification requirements for licensed and licence-exempt radio apparatus used for radiocommunication other than broadcasting.</i> • <i>RSS-246, Issue 1, Ultra-Low Power (ULP) Wireless Medical Capsule Endoscopy Devices Operating in the 430-440 MHz Band sets out the certification requirements for licence-exempt ultra-low power wireless medical capsule endoscopy devices operating in the 430-440 MHz frequency band.</i> • <i>RSS-HAC, Issue 1, Hearing Aid Compatibility and Volume Control sets out the compliance requirements for hearing aid compatibility and volume control features for specific radio</i> 	28 May 2019
